## FREQUENTLY ASKED QUESTIONS (FAQs)

**Q:** 1. What is the purpose of the online classes?

**A:** BBS aims to let students review lessons from previous school year and use their time wisely.

**Q:** Are online classes live, or pre-recorded VDO clips?

**A:** The online classes are pre-recorded VDO clips. Our teachers will not provide a live class but if students have questions regarding the particular VDO lesson, they can easily type comments/messages and homeroom teachers will reply accordingly. Initially, the school will not provide a live class so as to not burden parents with specific time and needing to assist their child while taking the live online class.

**Q:** Can the online VDO clips be replayed?

**A:** Yes, the VDO clips can be replayed anytime you are most available.

**Q:** Do these online classes require text books and other materials?

**A:** The lessons each teacher chose to upload online are selected for easy following. Also, there are slides and other materials uploaded for each class and a quiz at the end of the class for students to practice. The online class does not affect the student's grades. Therefore, other textbooks and materials are not required.

**Q:** Will the online classes affect the student's attendance and grades?

**A:** The online classes do not affect the student's attendance and their grades. These classes are not a prerequisite for the upcoming school year. When school reopens, each class will start like a new regular term. Therefore, if any student is not able to attend the online class, there will be no affect in both grades and attendance.
